THINK GREEN

GREEN INITIATIVES

A green initiative "Let's clean the school region".

"If everyone cleans outside his home, the world would be a better place"

Mother Teresa

It's a nice day for cleaning the schoolyard and raking fallen leaves. Even the primary school students could not stay away. at ISMA Secondary School "Premjers".

Graduates of ISMA Secondary School "Premjers" decided to take part in the campaign "Let's save Nature ". Nine-graders gave the school three wonderful rhododendrons as a present and planted them near the school building. Thank you, our dear students and parents, for this wonderful gift and we hope that the area around the school will soon turn into a blooming garden.

Planting trees by students of PGT "Dr. Vasil Beron"

Recycling activity - CSEI Turnu Rosu
